

DURATUFF® SD

A strong, durable body up for any job, the DuraTuff® SD by DuraClass® is ideal for aggregates, excavation, general construction, demolition and many other commercial applications. Built by our hard-working team in Tishomingo, MS, the DuraTuff® SD by DuraClass® embodies what it means to be TUFF. The DuraTuff® SD is constructed of light-weight, abrasion-resistant steel and designed to last.

NOT JUST TUFF, TUFF-ER

For an even tougher body, upgrade floor & tailgate materials to 1/4" AR 450

HAUL IT ALL

Built with AR steel, DuraTuff® SD is designed to flex and absorb energy from impact, lasting longer and showing less wear and tear

A BETTER FIT

The DuraClass® Slimline tank fits into the doghouse of the DuraTuff® SD for a clean look and significant space savings
